Songs and Questions:

I Am Like a Star 163

Easy: Do the stars mostly shine in the day or in the night?

Hard: What are the four main types of galaxies? (spiral, elliptical, lenticular, and irregular)

I Hope They Call Me on a Mission 169

Easy: Where did somebody you know serve a mission?

Hard: From 1923 until 1925 David O. McKay served as president of what church mission? (European)

We'll Bring the World His Truth 172

Easy: Who teaches you the truth?

Hard: Janice Kapp Perry wrote this song. What year was she born? (1938)

Rain is Falling 241

Easy: Raindrops are made of _____?

Hard: The earth's total amount of water has a volume of how many million cubic miles. (About 344)

Popcorn Popping 242

Easy: In this song, what does one see when looking out the window?

Hard: Popcorn is a type of maize (or corn), a member of the grass family. What is the scientific name for popcorn? (*Zea mays everta*)

Once There Was a Snowman 249

Easy: What happens to a snowman when the sun gets hot?

Hard: Slightly wet snow has a weight of how many pounds per cubic foot? (15)

Smiles 267

Easy: Name something that makes you smile!

Hard: When a person studies laughter they are known as a _____? (gelotologist)

Head, Shoulders, Knees and Toes 275

Easy: In the song, *Head, Shoulders, Knees and Toes*, what do we touch first?

Hard: Sailors once thought that wearing this would improve their eyesight. (a gold earring)

Hinges 277

Easy: Show us two hinges that make your body bend.

Hard: Name three kinds of joints in the human body. (**Hinge joints** allow movement in one direction, as seen in the knees and elbows.

Pivot joints allow a rotating or twisting motion, like that of the head moving from side to side. **Ball-and-socket joints** allow the greatest freedom of movement. The hips and shoulders have this type of joint, in which the round end of a long bone fits into the hollow of another bone.)

The Wise Man and the Foolish Man 281

Easy: When the rain comes down, what happens to the flood?

Name the three basic types of rock. (igneous, sedimentary, and metamorphic)
